

SUAREC/CAFCS IS COMMITTED TO CLEANLINESS AND IS

FIST BUMP FRIENDLY

The safety of our Students, Clients, Faculty, Staff and Administration remains our top priority, which extends to the cleanliness of our campus and extension stations. We are taking additional precautions and practicing preventative measures to reduce the spread of germs within our facilities, recommended by the Centers for Disease Control & Prevention (CDC), World Health Organization (WHO) and local governments, to minimize the risk to clientele and personnel.
