

COVID-19 VACCINE PHASES:

GET VACCINATED

By: Krystle J. Allen, MPA, MS
Extension Associate

The CDC recommends the first allotment of COVID-19 vaccines should be allocated to healthcare personnel and long-term care facility residents.

Healthcare Personnel includes:

Physicians

Therapists

Technicians

Nurses and Nursing Assitants

Emergency Medical Service Personnel

Pharmacists

Dentists

The Louisiana Department of Health has included persons aged 70 years or older in their first phase.

Dental Hygienists & Assistants

Phlebotomists

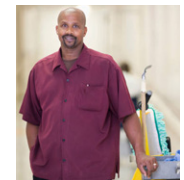

Students & Trainees

Contractual Staff

Dietary and Food Services Staff

Environmental Services Staff

Front-line Essential Workers include:

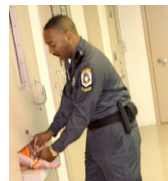

The next phase of COVID-19 vaccines should be allocated for, frontline essential workers and people aged over 75 years old.

Fire Fighters

Police Officers

Corrections Officers

Public Transit Workers

Grocery Store Workers

Manufacturing Workers

United States Postal Service Workers

Food and Agricultural Workers

Educational Sector (teachers, support staff, and daycare workers)
