LIVESTOCK SHOW PURPOSE

The Livestock Show was established by J.W. Fisher, director of the College of Agriculture and Tom J. Jordan, state cooperative extension agent, along with a group of statewide vocational agricultural teachers, agricultural extension workers, and community leaders.

The show began as a poultry show. A dairy calf project was added in the second year. That same year, the name was changed to the State Poultry and Dairy Show. The exhibitors were youth from limited-resource families.

OBJECTIVE:

The objective of the youth livestock program is to develop responsibility, dedication, decision-making, leadership, trustworthiness, sportsmanship, and citizenship through the possession and personal care of a live animal project. The youth (4-H or FFA members) will have many educational opportunities and activities to learn about animal husbandry and develop life skills. We are striving for maximum contact with the animals and participation in educational activities.

PURPOSE:

- ✓ Stimulate a greater interest in increasing the production of livestock among farmers in Louisiana;
- ✓ Serve as a basis for improving breeding practices for livestock;
- ✓ Create an interest in producing livestock products as a business enterprise;
- ✓ Assist in developing a better spirit of cooperative effort among rural and urban residents; and
- ✓ Provide an opportunity for youth to develop ownership and leadership skills.

Over the years, the program has made a positive impact on the state and its citizens, recruited students to Southern University, and developed professional agriculture and home economics workers, community leaders, entrepreneurs, and politicians. The show has contributed enormously to the total agricultural industry and economy of the state of Louisiana.

The Southern University Ag Center Livestock Show remains the premier event for displaying youth showmanship and quality animals. The Livestock Show and related programs teach leadership skills, character development, and entrepreneurship skills to the youth who prepare year-round for competitions.

GENERAL RULES AND REGULATIONS

CODE OF ETHICS COLOR

CONFORMATION AND STRUCTURE

The Southern University Ag Center State Livestock Show reserves the right to disqualify any animal that has been fitted in an unethical manner or is ineligible due to age for exhibition in the class entered. Unethical fitting is defined as any practice that alters the natural conformation or color of any part of the animal's body.

It includes:

- Injection of a gas, solid, or liquid under the skin to alter normal conformation.
- Surgery, including cutting or tearing, of the hide or subcutaneous tissue in an attempt to alter the natural contour, shape, or appearance of the animal's body, hide, or hair.
- Attempting to disrupt or change normal dental development.
- Dyeing or coloring an animal to alter its natural color or to cause it to be classified in a different breed or show class.
- Grooming materials that disguise or alter the conformation and condition of an animal will NOT be allowed. This shall include the use of black mortar, graphite, and/or similar materials. (This rule shall not prohibit the removal of warts, teats, or horns; clipping or dressing of hair; trimming of hooves; or other recommended management practices.)

Every exhibitor's consideration of his entry being accepted by the Southern University Ag Center State Livestock Show agrees to submit any animal entered to inspection by a veterinarian appointed by the Southern University Ag Center Livestock Program Director and agrees to have the animal submitted to any tests designated and requested by the veterinarian. The exhibitor further agrees that the decision of the appointed veterinarian, as to whether the animal is unethically fitted or of improper age for the class entered, shall be final and conclusive, without recourse against the Southern University Ag Center State Livestock Show or any of its staff. Animals judged to have been unethically fitted or of ineligible age of class entered will be disqualified by the Southern University Ag Center State Livestock Show Management. In any case, where premiums have been awarded to an animal found to be in violation of this rule, the exhibitor will refund all premiums, monies, cups, trophies, and ribbons awarded.

INTERPRETATIONS, AMENDMENTS AND VIOLATIONS

1. The Southern University Ag Center State Livestock Show Management reserves the final and absolute right to interpret all rules and regulations, and arbitrarily settle all questions in regard to, connected with or incident to the show.
2. The Southern University Ag Center State Livestock Show Management reserves the right to amend or add to all rules and regulations, as it may deem advisable. In the event of a conflict of general rules, the latter will govern.

4. No Prospect animals can be exhibited for showmanship.

4 - H AND FFA PROJECTS HARDSHIP POLICY AND GUIDELINES

HARDSHIP POLICY:

The ability of the youth to provide personal care for the animal is a major goal in livestock projects. The guiding concern in granting permission for hardship requests should be the education and development of youth. Concern for ensuring that the animal shown has minimal importance in granting hardships. Any exhibitor housing his or her animal on any property other than their own must acquire and have approved a project/hardship form prior to the purchase of the animal.

GUIDELINES FOR GRANTING HARDSHIPS:

CATEGORY I - POSSESSION OF ANIMALS

- A. The animal should be housed within a reasonable distance to allow youth to interact with the animal project on a positive basis.
- B. Youth (4-H or FFA members) should do the majority of work and care for the animal project.
- C. All housing requests must be made prior to the possession date.
 - a. Residential restrictions will be considered.
 - b. Opportunities for housing will be considered.
- D. An animal housed across parish lines must be recommended by both an Agent and/or FFA Advisor.

CATEGORY II - REPLACEMENT OF INJURED OR DECEASED ANIMALS

- A. Injured animals must be checked and verified by the 4-H Agent and/or FFA Advisor or veterinarian.
- B. The replacement animals should be of comparable quality. Replacement of animals will be considered only to those exhibitors with one animal project per species.
- C. Replacement animals must be obtained within a reasonable amount of time to be determined by the Livestock Show Director.

4 - H AND FFA PROJECTS HARDSHIP POLICY AND GUIDELINES

CATEGORY III - CONFLICTS WITH SHOW AND EXTENUATING CIRCUMSTANCES

Exhibitors must show their own animals. Exceptions will be made only in the following cases listed below and with proper approval. In all cases, when the exhibitor cannot show his/her own animal, the exhibitor must have a bona fide 4-H or FFA member to show in his/her place. If the animal qualifies for the championship classes and the exhibitor is unable to show the animal, the same individual exhibiting in class must show the animal in the championship class.

1. Exceptions:
 - a. Exhibitor's animals will be allowed to show in class and in the championship drive only if the exhibitor cannot show due to illness, physical handicap, personal injury, or death in the family.
 - b. The Livestock Show Manager shall approve or disapprove these requests.
 - c. Academic conflicts (school tests, academic contests, ACT, etc.) will be considered.
The Livestock Show Manager shall approve or disapprove these requests.
 - d. To obtain an exception for school conflicts and physical handicaps, the exhibitor must file a Livestock Project Possession/Hardship Form and have proper approval prior to the Southern University Ag Center State Livestock Show.

HARDSHIP PROCEDURE:

Youth and/or parent(s) must fill out the hardship form and include all pertinent information. The form must be signed by the youth, parent and/or guardian, Agent/FFA Advisor, and Parish Chair/School Principal (when it pertains to a school-related function or activity). THE SOUTHERN UNIVERSITY AG CENTER STATE LIVESTOCK SHOW DIRECTOR RESERVES THE RIGHT FOR FINAL APPROVAL ON ALL HARDSHIPS AND MAY MAKE EXCEPTIONS TO THE ABOVE GUIDELINES BASED ON EACH SITUATION.

The 4-H and FFA Project Hardship/Possession Form can be found in the Appendix on page 45.

SALE OF ANIMALS

If a steer, market hog, market goat, or market lamb is sold at the parish show, but attends the Southern University Ag Center State Livestock Show, at which it is declared Grand Champion or Reserve Grand Champion, it must be offered for sale at the Livestock Auction. Should a parish champion be offered for sale at a parish show, but will attend the Southern University Ag Center State Livestock Show, it must be announced at the parish show, and the purchaser advised, that in the event there are no bids at the State Show above the price offered at the parish show sale, the animal will then become the property of the person making the purchase at the parish show. Otherwise, it becomes the property of the person making the purchase at the State Show.

No animal, under any circumstances, can be offered for sale in the Auction at the Southern University Ag Center State Livestock Show if the animal has not been properly entered in the superintendent's official judging record and/or with the weighing committee upon arrival at the State Show.

If an animal is injured during the State Show, and in the opinion of the superintendent should not be offered for sale at the Auction, it will be offered for sale immediately following the Auction with a full explanation of injuries given by the superintendent.

Breeding animals are permitted to compete in the swine, sheep, and goat market classes. If any of these animals are made champion of the show, they become the sole property of the purchaser. NO EXCEPTIONS.

Champion and Reserve Champion animals will be selected at the Southern University Ag Center State Livestock Show in each division from the first and second place winners in each weight or age classification. If any animal has been named Grand Champion in a class, then the second place animal in that class should be brought out with the other first-place winners to determine the Reserve Champion.

Animals that are uncontrollable must be removed from the premises immediately. Uncontrollable animals that do not show will be eliminated from selling at the Auction (at the discretion of management).

All steers exhibited will not weigh less than 800 lbs. There will be no maximum weight limit for showing market steers. The sale weight for all steers will not exceed 1,300 lbs. A three percent (3%) shrinkage will be deducted from the sale weight. All market lambs have a minimum weight of 85 lbs. and a maximum weight of 140 lbs. Market goats should be a minimum weight of 55 lbs. and a maximum weight of 135 lbs. Market pigs have a minimum weight of 208 lbs. and a maximum weight of 285 lbs. A 1% tolerance on weight will be given at the scale only. Market animals offered for sale in the auction must be accompanied by the owner in the sale ring.

SALE OF ANIMALS

EAR TAGS

Ear tags for market animals will be supplied by the Southern University Ag Center State Livestock Show Program Office and must remain on the market steers, market lambs, market goats and market hogs until after the show. It is important that the designated tags assigned to each division be used as instructed by the Director of the show.

Within thirty (30) days after receiving entry forms, you will be visited or supplied with tags from the staff of the Southern University Ag Center Livestock Show Program Office.

Tags for market animals will be supplied by the Southern University Ag Center State Livestock Program's Office and animals must be tagged prior to February 27, 2025.

All donations/sponsorship shall be made to the Southern University Foundation with Livestock Show Programs noted in the memo. All donations and or sponsorship will be due on February 28, 2025 by 3:00 p.m. with no expectations.

However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. Also see *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN.
